THE LADDER

Ten packages, one engine.

Every package runs the **same software**. What changes is the size of the screen, the power of the computer, and how much the sign can sense and control. Pick the row that matches your window.

	PACKAGE	SETUP	MONTHLY	YEAR ONE	BEST FOR
01	**Poster**	**$795**	**$39**	$1,263	Counter, menu board
02	**Window Basic**	**$1,195**	**$49**	$1,783	Small shopfront
03	**Window Standard**	**$1,895**	**$65**	$2,675	Café, salon, boutique
04	**Storefront Pro** MOST POPULAR	**$2,895**	**$95**	$4,035	Busy retail frontage
05	**Retail Plus**	**$4,395**	**$125**	$5,895	High-traffic retail, 24/7
06	**Venue**	**$6,895**	**$179**	$9,043	Restaurant, bar, venue
07	**Twin Window**	**$12,500**	**$249**	$15,488	Corner window pair
08	**Flagship**	**$16,500**	**$319**	$20,328	Flagship store, lobby
09	**Installation**	**$21,900**	**$429**	$27,048	Mall frontage, multi-surface
10	**Signature**	**$36,500**	**$629**	$44,048	Landmark flagship

Setup is one-time: hardware, delivery, installation, calibration and the first content design. **Monthly** covers the licence, content updates, live data, monitoring, warranty and support. **Year one** is setup plus twelve months. All prices in USD, before tax.

WHERE MOST PEOPLE LAND

FIRST SIGN

Window Basic

$1,195 · $49/mo

43" screen, one window, motion sensor. The safe first step.

MOST CHOSEN

Storefront Pro

$2,895 · $95/mo

55" 4K, camera and mic, live weather and offers.

BIG FRONTAGE

Venue

$6,895 · $179/mo

65" commercial panel, real sound, lighting sync.

Nothing is metered. No data caps, no per-view charges, no surprise invoices. One setup price, one flat monthly, agreed in writing.

Would rather not buy? Every package is also available as a monthly rental with service included — ask for the rental price list.

TIERS 01 – 05

Window and storefront

The five packages that cover most shopfronts. Each price below is the **complete installed package**, not a starting point.

01 Poster — $795 + $39/mo

Display 32" 1080p, VESA mount, decorative trim
Software Core — static signs, daypart schedule, offline cache
Computer Raspberry Pi 4, 2 GB, 32 GB card
Included monthly 1 content update, remote config, 3-day support

02 Window Basic — $1,195 + $49/mo

Display 43" 1080p, slim aluminium edge frame
Inputs PIR motion — the sign reacts to foot traffic
Sound 2 × 5W powered speakers
Computer Raspberry Pi 5, 4 GB, 64 GB card
Outputs 2-channel relay for window lights or a motor
Included monthly 2 content updates, remote monitoring

03 Window Standard — $1,895 + $65/mo

Display 43" 4K, 512 × 256 matrix rendering
Inputs 1080p USB camera with motion zones
Sound 2.0 soundbar, HDMI ARC
Computer Raspberry Pi 5, 8 GB, 128 GB NVMe
Outputs 4-channel relay, 12V trigger
Included monthly 4 live data feeds, next-business-day support

04 Storefront Pro — MOST POPULAR — $2,895 + $95/mo

Display 55" 4K, 400 nit, steel frame with acrylic bezel
Inputs 1080p camera and 4-mic beamforming array
Sound 2.1 soundbar with wireless subwoofer
Computer Intel N100, 16 GB RAM, 256 GB NVMe, fanless
Outputs 4-channel relay, panel data tap
Included monthly 8 live feeds, 4-hour response, quarterly refresh

05 Retail Plus — $4,395 + $125/mo

Display 55" commercial panel, 500 nit, rated 24/7
Inputs Camera, PIR and 13.56 MHz RFID — tap to change the sign
Sound 50W amp with 2 × 6.5" speakers
Computer Intel N150, 16 GB RAM, 512 GB NVMe, dual LAN
Outputs 8-channel relay and HUB75 driver for a real LED surface
Included monthly LED surface support, on-site swap warranty

Above these five: multi-surface venues, twin-window sites and landmark builds — see the next page.

TIERS 06 – 10

Venue and flagship

For sites where the screen is the attraction. Bigger surfaces, more zones, lighting sync, and on-site service built into the price.

06 Venue — $6,895 + $179/mo

Display 65" commercial 4K, 700 nit, daisy-chain capable

Inputs Camera, ToF depth sensor, mic array

Sound 2.1 system — 2 × 8" plus 10" sub, class-D amp

Computer Intel N305 (8-core), 32 GB, 1 TB NVMe, Wi-Fi 6E

Outputs DMX512 for lighting sync, 8-channel relay

Included monthly DMX scenes, 4-hour response, annual refresh credit

07 Twin Window — $12,500 + $249/mo

Display 2 × 65" commercial 4K, matched cabinets

Inputs 2 cameras plus ToF per node

Sound Dual-zone audio with independent volume

Computer 2 × N305 nodes, synchronized over local LAN

Outputs Dual DMX universes, 8-channel relay per node

Included monthly Multi-node sync, 2-hour remote response

08 Flagship — $16,500 + $319/mo

Display 75" 4K main plus 43" 4K secondary

Inputs Camera array, mic array, 15.6" touch console

Sound 3 audio zones with DSP crossover

Computer Ryzen 5-class mini PC with NPU, 32 GB, 2 TB NVMe

Outputs DMX output, 80 mm thermal ticket printer

Included monthly Studio features, 2-hour response, named account contact

09 Installation — $21,900 + $429/mo

Display 85" 4K main plus 2 × 55" 4K satellites

Inputs 2 cameras, ToF, RFID, ambient light sensing

Sound 4 zones, 32-band DSP, 2 subwoofers

Computer Ryzen AI 9, 40 TOPS NPU, 32 GB, 2 TB, dual-node ready

Outputs 2 DMX universes, servo controller for kinetic elements

Included monthly 4-hour on-site SLA, quarterly creative session

10 Signature — $36,500 + $629/mo

Display 98" 4K main plus 4 × 43" satellite array

Inputs 4 cameras, ToF, touch, temperature, humidity, noise

Sound Full PA — 4 zones, DSP, dual 12" subs, wireless mic input

Computer Dual-node cluster with failover, 64 GB RAM, 4 TB NVMe

Outputs 2 DMX universes, full animatronic servo bank

Included monthly On-site SLA, named engineer, annual creative redesign

Built to be seen from the street. Tiers 06 to 10 are quoted with a site survey included, so the price you sign is the price you pay — no day-of surprises.

INCLUDED

What is already in the price

IN EVERY PACKAGE	WHAT IT MEANS
Hardware	Display, computer, mount, frame, cabling and every sensor listed for the tier.
Delivery and installation	Mounted, powered, networked, aligned and calibrated on site by our installer.

Extended warranty, years 4–5	7% of setup / yr	—

TERMS IN PLAIN LANGUAGE

- **Half on order, half on install.** Work is scheduled when the deposit clears.
- **Monthly service is billed in advance**, twelve months minimum on hardware packages.
- **Pay annually and save 10%** on the service portion.
- **Hardware is yours.** Buy outright and the equipment and content are your property.
- **Your data stays local.** Camera and sensor processing happens on the device.
- **Prices hold for 60 days** from the date of this catalog.

> **The next step is a fifteen-minute site check.** We look at the window, the power, the network and the viewing distance, then confirm the tier. No charge, no obligation, and you leave with a written price.
